

FAQs

Can I make Hershey Pie ahead of time?

Absolutely. In fact, it's better when made ahead because it needs plenty of time to chill and set up properly.

Can I use mini marshmallows instead of regular marshmallows?

The recipe was tested with 16 regular size marshmallows - I don't know what the equivalent of that is in mini marshmallows.

Can I use homemade whipped cream instead of Cool Whip?

No, you need the Cool Whip because it's more stable. The whipped cream is likely to break.

Do I have to use Hershey bars?

Nope. Any good-quality milk chocolate bar will work, but Hershey bars give the pie its classic old-fashioned flavor.

Can I use a graham cracker crust instead of a chocolate crust?

Absolutely. The chocolate crust doubles down on the chocolate flavor, but a graham cracker crust is delicious too.
